Mandate of Standing

Authored the 15th day of June in 2021
Revised the 21st day of December in 2023

Proclamation

For it is our duty and obligation to honourably announce and decree: As of the 1st day of September in 2022, on and for the record, by way of un-rebutted Mandate of Standing there is a lasting and binding tacit agreement to the following with The State* by the act of acquiescence and having been given Royal Assent by default. [see addendum below for proof of service]

For to enable commonality of diction, primary reference to the **Interpretation Policy* [website] is beholden. For reference to scripture is supportive.

For the mandate is a living testimony of standing, in the form of an affidavit, stands un-rebutted and truth in law.

For this mandate of general terms and conditions is included and paramount in association with any and all individual **House of Butterworth: Mandate of Status**

1. Whereas: *State Agents** have been using and abusing the given names* and family name without prior knowledge and consent and kidnapping assets on paper, known as 'the unlawful conversion'. Such criminal action converts the nature of a living soul to an asset of corporate franchise(s) as well as to the jurisdiction within which they act, commerce.
 - 1.1. For it is testified: henceforth we do not consent to derivation and use of given-names, family name and estate or anything that falsely re-presents by infringement of natural copyright.
 - 1.2. For it is notified: all recipients/respondents and *State Agents** take immediate action to ensure that their corporation **cease and desist** from this practice immediately.
2. For we: by means of mandate(s), claim sole right of use and publicly convey all un-authorised derivatives* of given-names and family name to the jurisdiction of the common laws, rights and privileges of the original successors and beneficiaries, along with all assumed and presumed trade names.
3. For we: do not consent nor agree to be the settlor for any 'legal person' or 'juristic person' or 'vessel' in which *The State** has a security interest. For upon reaching a prescribed age has falsely become the Master (Mr/Mrs/Ms et el) of the "vessel" that has "gone to sea", under Admiralty Maritime jurisdiction, the "Law of the Sea" and by virtue of the *Cestui Que Vie Act 1666* 'persons' are 'lost at sea' and can be salvaged. [Galatians 2:6*].
4. For we: have been mis-characterised and assumed and presumed to be lost at sea when, in truth, we are flesh and blood living beings, domiciled and standing on the dry soil and land of original jurisdiction without grant to or subjugation under any corporate or commercial venue of jurisdiction.
5. For we: do not consent to being salvaged under the 'law of the sea' or legislation of persons and any assumed and presumed jurisdiction or dominion.
6. For we: do not hold allegiance or fealty to any legal society, for these musings are babble to the layman. [Genesis 11:7*] [see website [12 presumptions of law – a rebuttal](#)]

19. For it is our intent to travel in possession of lawful documented witness testimony as proof of existence as a private, living being in order to allay fears in the minds of *State Agents** of organisational entity departments who are apt to disrupt the private, peaceful lives of law-abiding people.
